

NGAT parent checklist: text version

The NGAT parent checklist written out in words, for screen readers and for anyone who prefers text. It has the same wording as the PDF.

The first page reads: Reasonwell Press · NGAT | Parent checklist · A calmer start.

The checklist

A printable checklist for families preparing for the Naglieri General Ability Tests. Use your school notice for the exact date, test and instructions.

On the printed page, each item has a tick box.

- **Confirm the school details.** Check the test name, grade, test date and contact person. Ask the school about accommodations and language/access needs before test day.
- **Keep testing and referral separate.** Ask whether a separate advanced-academic referral is needed. Write down its deadline; a testing appointment is not itself a referral.
- **Choose a short familiarization activity.** Try one picture pattern or classification question together. Explain the task, then let your child make a choice.
- **Talk about the reasoning.** Ask what changed or what belongs together. Use the explanation to discuss an idea, not to promise a score or placement.
- **Prepare the ordinary things.** Follow the school instructions, aim for a normal bedtime and breakfast, and keep the morning routine familiar.
